

Day 3: God Watched Me Grow

God was the first to know you were growing inside your mom. He knew before your mom knew!

As God formed you with his hands, he watched you grow in your mom's belly.

Psalm 139 (from Day 1) says, "Like an open book, you watched me grow from conception to birth."

You were so, so tiny when you were first made. By the time you were four weeks old, you were only the size of the period at the end of this sentence. Wow!

This chart shows how big you were as you grew. It also tells when the parts of you were formed.

Color and cut out the pictures of fruit from the next page. **Glue** them in the right place.

7 weeks old	You were the size of a blueberry.		You already had eyes, a nose, a brain and a tongue.
15 weeks old	You were the size of an apple.		You had bones and your ears could hear sounds.
18 weeks old	You were the size of a sweet potato.		You could tell if you were a boy or a girl.

24 weeks old	You were the size of an ear of corn.		Your lungs were formed and ready to breathe air.
28 weeks old	You were the size of an eggplant.		You had the hiccups a lot around this time!
40 weeks old	You were the size of a watermelon.		You had a new layer of skin and were ready to be born!

Once you were all put together, it was time for you to be born! **God was so excited! He was there to welcome you into the world!**

When is your birthday?

Imagine the big smile on God's face the day you were born!

Thank God for watching you and loving you as you were created.
